**Form to fill:** Note that the course will be filled automatically when you go through explore courses from `courses.html` you can change it too

## Form filled successfully

The screenshot shows a web browser window with the URL `127.0.0.1:5500/enrollment.html?course=Web%20Development`. A dark blue header bar contains the text "Enroll Now". Below the header, a white form titled "Fill in Your Details" is displayed. The form contains the following fields:

- Full Name:** Akshai Krishna A
- Email Address:** Akshay@2003
- Phone Number:** 9789644321
- Select a Course:** Mobile App Development (dropdown menu)

An "Enroll Now" button is located at the bottom of the form. A dark gray notification box is overlaid on the form, displaying the message: "127.0.0.1:5500 says Successfully Enrolled!". The notification box also lists the user's details: Name: Akshai Krishna A, Email: Akshay@2003, Phone: 9789644321, and Course: Mobile App Development. An "OK" button is present in the bottom right corner of the notification box.

## Email validation

The screenshot shows the same web browser window as the previous one, but with an email validation error. The form titled "Fill in Your Details" is displayed. The "Email Address" field contains the text "Akshay.com". A red border highlights the field, and a red error message is displayed below it: "Please include an '@' in the email address. 'Akshay.com' is missing an '@'." The other fields in the form are filled with the same data as in the previous screenshot: Full Name: Akshai Krishna A, Phone Number: 9789644321, and Select a Course: Mobile App Development. The "Enroll Now" button is still visible at the bottom of the form.
